### **1. ENVIRONMENTAL STEWARDSHIP**

**The ELCIC Greening Congregation Accreditation Program** - At the heart of the ELCIC's Stewardship of Creation Initiative is the work that we can do together as congregations to care for creation. To encourage this, the ELCIC has developed a "Greening Congregation Accreditation" program. The intent of this program is to: 1) Give congregations some options that they can pursue to practice their environmental stewardship; 2) Recognize congregations that have taken steps to care for creation; 3) Share our stories of practising our

environmental stewardship so that we can learn from each others experiences and in the process discover how God is present and working in our midst. To find out more, visit: <http://elcic.ca/Stewardship/Stewardship-of-Creation/Greening-Congregation.cfm>

## 8. ACROSS THE SYNODS

**Canadian Lutheran World Relief (CLWR) announces important changes to We Care kits** - Health Canada has issued a warning that some toothpaste available for sale in Canada is not safe since it contains toxic chemicals or dangerous bacteria. As such, CLWR is taking the following precautions. Donations of toothpaste are still welcome, however, toothpaste should be sent separately from the We Care kits, rather than enclosed inside the kits. Please mark your kits as "no toothpaste" to save CLWR from searching and removing tubes. Also note: toothpaste should have the seal of approval from the Canadian Dental Association and should be marked with an expiry date that is at least one year from the date of purchase. An up-to-date list of items that should be included in We Care kits is available at <http://www.clwr.org/WeCare.pdf> or by calling 1.800.661.2597.
