

2017 ELCIC Parochial Report

The parochial report has been revised to simplify the reporting process for congregations and to focus on the most valuable information for Synod and National Offices.

The contact information update for church leaders is now a separate form to allow for updates to occur anytime throughout the year, not just during the parochial reporting process.

The majority of financial information will now be obtained through the Canada Revenue Agency (CRA) after your congregation has submitted the annual charity return.

Congregation Information
