

Global Mission Sunday

February 6, 2022

PRAYER:

God, you call us into relationship with you and with all of creation. We give you thanks for the relationships we have with our Global Mission partners. We thank you for the accompaniment we share with each other's churches and lives. Our partners may have less in terms of financial resources, but it reminds us of the blessings we have to share. We have much to learn about faith and witness from these siblings in Christ. Bless and strengthen our relationships with our partners and help us to keep them always in prayer. In your lifegiving name we pray. Amen.

GLOBAL MISSION SUNDAY SERMON IDEAS

The gospel for the day is Luke 5:1-11.

1. Think about how we and our partners in global mission are all called into discipleship. What are the similarities? Are there differences?
2. The disciples experience a great catch of fish when they follow Jesus command. Have you experienced a great catch? What great catches have our global mission partners experienced?
3. Jesus tells the disciples that they will be catching people. What did that mean then? What do you think it means now? What does it mean to our global mission partners?
4. At the end of the lesson, the disciples leave everything to follow Jesus. How easy is that for us to do? Is it any easier for our global mission partners?
