

An update from National and Synod Treasurers

December 2021

ELCIC National and Synod Treasurers continue to meet regularly to review information that is important to ELCIC congregations

Hardest Hit Recovery Program

One new program that you might want to look into is the Hardest Hit Business Recovery Program. Some of the eligibility criteria are similar to the Canada Emergency Wage Subsidy (CEWS). Details on the program are available here:

Application details have not yet been published by the government yet so keep an eye out for additional information, if you are eligible.

Questions? As further information becomes available, it is our commitment to you that we will continue to keep in communication with new updates as they become available. Please contact your Synod Office and the ELCIC National Office with any specific questions.
